

# DISTILLING ECONOMICS

An Event for High School Economics, Personal Finance, and Business Teachers  
**@ Sun King Spirits**

As the end of the school year approaches, we want to celebrate YOU! At **Distilling Economics**, we'll toast the role you've played in helping ensure that Indiana students have a basic understanding of economics and personal finance and are equipped with the skills they'll need to become better decision-makers, knowledgeable consumers, savvy investors, informed voters, budding entrepreneurs, prosperous workers, and productive citizens!

At **Distilling Economics**, we'll also provide you with creative ideas and easily integrated, standards-based lessons for teaching current events. We'll "distill" the big concepts of trade and tariffs into classroom-tested, ready-to-go lessons that will help you jump-start your classroom instruction when you return to school next year! Lesson demonstrations will include:

1. *A Trade Simulation* – Does Voluntary Trade Create Wealth?
2. *Tic-Tac-Toe Tariff* – Free Trade? Fair Trade? Who Pays the Tariff?

There'll be an economic concepts refresher, and then an Indiana high school teacher will provide classroom strategies and tips for engaging your students in these timely topics!

**Don't miss out! Space is limited to the first 25 participants. Reserve your spot TODAY!**

**Monday, May 6, 2019; 4:00 – 7:00pm**

**Sun King Spirits  
351 Monon Blvd., Carmel, IN 46032**

NO REGISTRATION FEE! Dinner will be Mexican food. Participants will also receive PGP points and lots of useful, student-friendly teaching ideas.

**RSVP by April 26, 2019:** Email Terri L. Crews, Program Coordinator, IUPUI Center for Economic Education, [tcrews@iupui.edu](mailto:tcrews@iupui.edu), or call 317-274-8100.
